I'm a keen and enthusiastic Full-Stack Developer who loves learning and exploring new technologies. I have a good understanding of both frontend and backend development and enjoy picking up new tools and frameworks to solve problems effectively. I work well with others and am always looking for opportunities to grow, learn, and contribute to projects.

Work Experience

Junior .NET Developer

Infusion Analysts – Ahmedabad, India

2024-05 to Present

- Developed and optimized **hospital management solutions**, enabling seamless integration of patient records from multiple portals into a single unified system.

- Designed and implemented **RESTful APIs** using **.NET Core**, ensuring efficient data retrieval and interoperability across platforms.

- Refactored and modernized **legacy code**, enhancing application performance, maintainability, and scalability.

Trainee Software Engineer – Internship

Ace Infoway Pvt. Ltd. – Ahmedabad, India

2023-12 to 2024-05

- Contributed to the development of **"Shiftware"**, an Australia-based live project, by designing and implementing the **Leave Management** and **E-Learning** modules.

- Gained hands-on experience in **.NET Core Web API** by developing RESTful APIs and seamlessly integrating them with **Angular** for a dynamic and responsive user experience.

EDUCATION

- **Master of Computer Application (MCA) 2022 – 2024**
  Charotar University of Science and Technology, Anand, Gujarat

- **Bachelor of Computer Application (BCA) 2019 – 2022**
  Navrachana University, Vadodara, Gujarat
